SUMMARY

Passionate and results-driven **Web Application Developer** specializing in the **MERN stack (MongoDB, Express.js, React.js, Node.js)**. Skilled in designing and deploying modern, user-centric web applications with a focus on performance, scalability, and clean architecture. Committed to continuous learning and staying ahead of evolving technologies to build impactful digital solutions.

EDUCATION

Bachelor of Engineering in Information Technology

Government Engineering College (GEC) Bhavnagar

• CGPA: 8.43

July 2022 - May 2026

Bhavnagar, Gujarat

INTERNSHIP(SUMMER)

Tatvasoft(15-Days)

Full stack Development

Bhavnagar(online)

July-2025

- Developed a Restful API using **.NET, Angular**, and **PostgreSQL**, for efficient data management and retrieval.
- Implemented Secure Authentication with role-based access control and authorization features.
- Added Features for Implemented course management, job listings, mission **CRUD** operations.
- Gained Hands-on Experience in both frontend and backend with **Angular** with **Swagger** for API testing and ensuring seamless integration.
- Deployed applications using **AWS** services and deployment strategies.

SKILLS

- **Programming Languages:** C, Java, JavaScript
- **Frontend Technologies:** HTML, CSS, React.js
- **Backend Technologies:** Node.js, Express.js, Nest.js
- **Databases:** MongoDB, MySQL
- **Frontend Frameworks:** Bootstrap, Tailwind CSS
- **Core Subject:** Object-Oriented Programming(OOP), Database Management System(DBMS) , Data Structure, Algorithms
- **Tools:** Visual Studio Code, Cursor code editor, Git, GitHub
- **Soft Skills :** Team Work, Communication , Problem Solving , Quick Adaption

PROJECTS

Event Management System (Apr-2026 - Jun-2025)

MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS,
[Source Code](#)

- **Secure Authentication:** Implemented secure sign-up and login with **JWT** authentication and **OTP-based** password reset, ensuring robust user security.
- **User & Role Management:** Role-based access control—**Users, Organizers** (if applicable), and **Admins** with distinct permissions
- **Event Catalog :** A comprehensive list of events displaying essential details: title, date, venue, pricing, and capacity constraints.
- **Admin Dashboard:** Admins can perform CRUD operations on events, manage users, bookings, timeslots, and reviews
- **Responsive Design:** Crafted a **responsive** website that seamlessly adapts to both desktop and mobile devices, ensuring an optimal user experience across platforms.
